

**Course:**

**BIO 1300 Introduction to Environmental Science**

**4 hours**

**Majors, Minors & Degrees:**

**Majors**

International Studies (B.A., B.S.) (formerly Global Studies)

**Minors**

Environmental Studies

International Studies (formerly Global Studies)

**Departments/Programs:**

Biology

An introduction to environmental science and scientific methodology using the environment as the system of study. The goals are to help the student develop a better understanding of the environment, gain insight into human-caused problems found in nature, explore the relationships of humanity with the environment, and provide practical experience in performing scientific measurements and experiments.

Three lectures per week.

One 3-hour lab per week.

Does not count toward a biology major.
