

SOCWK 5230 Research Informed Practice

3 hours

Departments/Programs:

Social Work (Graduate)

In this generalist practice course students will be provided an introduction and overview of research methods used in generalist social work practice. Course content includes both quantitative and qualitative methods and emphasizes critiquing research, program evaluation, methods of data collection and analysis, single-subject design, ethical considerations, and the application of evidence-based practice to improve policy and social service delivery.

Prerequisite(s): SOCWK 5000 History and Philosophy of Social Work in the United States.

Pre or corequisite(s): SOCWK 5010 Human Behavior In Social Environment.
