## **BIO 1080 Microbiology**

4 hours

Majors, Minors & Degrees:

## **Majors**

Biology (B.A.) Biology (B.S.) Exercise Science (B.S.) Nursing Traditional (B.S.N.)

## Departments/Programs:

Biology

An introductory study of the structure, physiology, and pathogenicity of microorganisms, with an emphasis on bacteria and viruses that cause infectious diseases in humans. Does not count toward a biology major.

Three lectures per week.

One 3-hour lab per week.

(Normally offered each spring semester.)
