Nebraska Wesleyan University

THTRE 2750 Lighting and Sound Design

Catalog

2023-2024

Course Description

This course is a study of the theory and practice of lighting and sound design. The student will do several projects and designs for lights and sound. One of these designs will be actualized in the laboratory theatre or a major production. This course may be repeated once for credit.
Prerequisite(s): THTRE 1020FYW Script Analysis or THTRE 1030 Script Analysis and THTRE 1400 Introduction to Technical Theatre or instructor permission.
(Normally offered on odd fall semesters.)
