IDS 1040 College to Career Seminar

Catalog

2023-2024

Course Description

Replacing the student lifestyle with a full-time job is a drastic change, in which many encounter unanticipated obstacles. This college to career course will provide advice and support for career, financial, time, and professional relationship management techniques to support you in your transition from securing a job to succeeding in your first few years post college. Throughout the course, you will meet employers and experienced alumni who may also serve as valuable connections to future opportunities. Pass/Fail only.
