# ECON 4970 Economics Internship

## Catalog

2024-2025

## Course Description

Each student must work with the department intern coordinator to obtain an economics-related internship. This course gives opportunity for practical application of theoretical principles learned in the classroom. Under special circumstances, a second internship may be taken for credit with the approval of the business department chair and the internship coordinator.
No Pass/Fail.
*Prerequisite(s): Junior standing or permission of the department internship coordinator.*
(Normally offered each semester.)
