EDUC 5010 Using Guided Inquiry For Rigor & Equity

Catalog

2024-2025

Course Description

This intensive summer course prepares teachers to make evidence-based decisions in using guided inquiry to improve student performance in the identified social studies courses. Teachers will learn and practice core principles of guided inquiry and prepare to use specific guided inquiries in the honors course they will teach in the coming school year. Teachers who will be teaching the same course will prepare a plan to share and use the identified inquiries.
