

Major:

Innovation and Entrepreneurship (B.S.)

The domains represented in the elective areas below, Business, Marketing and Sports, Creative Design and the Arts, Policy and Justice, Science and Technology, and Sustainability and the Environment, draw innovators and benefit from those individuals who can make the most of new opportunities, learn from setbacks, readjust and solve problems with divergent thinking. This major will also appeal to students who have ideas for businesses and startups but need the subject expertise and mentoring to make them a reality.

When a student declares this major they will declare their concentration area at the same time.
