SOCWK 3450 Health Care Practice

Catalog

2025-2026

Course Description

This elective course in the social work program will survey the field of social work in the health care arena. A generalist social work perspective will be used to address the roles of assessment, intervention, advocacy, and policy analysis in the health care environment. Practice at the individual, group, and organizational/community levels will be addressed. This course is appropriate for any student planning a career in the health care field.

(Normally offered alternate years.)
