Nebraska Wesleyan University

Physical Education (B.S.)

Catalog

2026-2027

Program Description

Admission into the Education Department and additional Education Departmental coursework is required. This subject endorsement is designed to prepare students for the teaching profession in Physical Education. With the addition of approximately 37 hours of education requirements, the student will be eligible for a Nebraska Teaching Certificate.

Mission Statement

To prepare high quality Health and Physical Education teachers that have the knowledge, skills, and confidence to be effective teachers and role models in the school setting.

Learning Outcomes

1. Content Knowledge: Possess an understanding of the basic health and physical education content required to pass the Praxis II Content Knowledge test required by the Nebraska Department of Education in order to become a licensed teacher.
2. Planning Instruction: Plan and develop appropriate, effective lesson and unit plans, congruent with local, state and national standards, to teach a variety of subjects/topics to meet the unique needs of a diverse student population.
3. Delivering Instruction: Apply a range of effective pedagogical instructional strategies and behavior management techniques to deliver high quality health and physical education content to meet the diverse needs of all students.
4. Assessment: Create and select an array of appropriate assessments to guide instruction, measure student learning, and evaluate the effectiveness of the health and physical education program.
5. Professionalism: Demonstrate professionalism by effectively using verbal and non-verbal communication, collaborating with others in a professional manner, utilizing the reflective cycle to implement change in teacher performance and student learning, demonstrating behaviors that are consistent with the professional ethics of highly qualified teachers, and participating in activities that lead to professional growth and development.
