AIL 2000 AI For Decision Making

Catalog

2026-2027

Course Description

Artificial Intelligence decisions are often only as good as the person asking the question. In this course, you'll learn how to ask the right ones and increase the productivity and innovation you can achieve with AI. Create better prompts,compare and contrast strengths and limitations, evaluate outcomes, and by the end of this course, understand and leverage the power of AI for decision-making across any discipline, opening up new career paths and personal growth.

This course is offered online through a consortium of accredited colleges and universities. Instruction is provided by faculty employed by partner institutions within the consortium, with technology and administrative support provided by Rize Education. Oversight of courses offered through the consortium are reviewed and approved by Nebraska Wesleyan University.
