**Nebraska Wesleyan University**

# CYBER 3400 Ethical Hacking

## Catalog

2026-2027

## Course Description

To stop a hacker, you need to be able to think like a hacker. In this course, you will learn hands-on techniques for attacking and penetrating networks and systems. You'll learn the tools to launch these offensive tactics and then complete a hands-on project where you will be asked to ethically hack a real system.

*Prerequisite: CYBER 2400 Network & System Security*

*This course is offered online through a consortium of accredited colleges and universities. Instruction is provided by faculty employed by partner institutions within the consortium, with technology and administrative support provided by Rize Education. Oversight of courses offered through the consortium are reviewed and approved by Nebraska Wesleyan University. Students register through Nebraska Wesleyan University and receive academic credit from Nebraska Wesleyan University.*
