3 hours

Majors, Minors & Degrees:

Majors

Project Management (B.A., B.S.)

Minors

Project Management

Certificates

Project Management

Departments/Programs:

Business, Accounting and Economics (Undergraduate)

In this capstone course, you'll step into the real role of a project manager, leading a complex project from start to finish and showcasing everything you've mastered. By semester's end, you'll not only have a standout portfolio piece to impress future employers but also sit for the CAPM exam-demonstrating your skills, knowledge, and readiness to tackle the field.

Prerequisite: PROJ 3300 Project Execution, Monitoring & Control and PROJ 3600 Agile Frameworks & Methodologies
