

Course:

PSYCH 3940 Literature Spotlight: Social and Personality Psychology

2 hours

Majors, Minors & Degrees:

Majors

Psychology (B.A., B.S.)

Minors

Psychology

Departments/Programs:

Psychology

This course will use collaborative project-based learning to serve as a bridge between introductory and upper-level research courses by helping students develop skills in reading, understanding, analyzing, and discussing empirical research in the social sciences. This course will include readings from a focused area of research within social or personality psychology, such as attitude change, interpersonal relationships, and person perception.

Prerequisite(s): PSYCH 2110 Research Methods in Psychology or another social science research methods course.
